

Quality in the palm of your hand

The extended system guarantee from OSRAM

Simple Registration for the new system guarantee available online.

www.osram.com/system-guarantee

Electronic control gear (ECG) from OSRAM is noted for its state-of-the-art circuit design and high-quality components. They achieve their optimum functionality when operating as a system in conjunction with innovative lamps from OSRAM because OSRAM lamps and OSRAM ECGs are always perfectly matched to one another. As a leading ECG manufacturer we have the necessary know-how under one roof. Systematic quality assurance ensures first-class workmanship and functionality. Innovative technology and outstanding quality add up to real benefits for our customers.

OSRAM now offers an even more extensive guarantee for ECG and ECG/lamp systems.

3 Year ECG (Level 1)

OSRAM offers a full three-year guarantee on selected electronic control gears. The guarantee starts when the relevant luminaire with the appropriate OSRAM ECG is first put into operation.

5 Year ECG (Level 2)

If ECGs and lamps from OSRAM are used together, OSRAM offers a full five-year guarantee on selected electronic control gears.

LED Systems (Level 3a)

If OSRAM ECGs and LED-Modules are used together (selected series or types), OSRAM offers a full three-year guarantee on the OPTOTRONIC control gears and a full three-year guarantee on the LED-Modules. Guarantee applies only to lighting systems with an electrical connection power of no lower than 100 W.

Fluorescent Systems (Level 3b)

If OSRAM ECGs and LUMILUX fluorescent lamps are used together (selected series or types), OSRAM offers a full five-year guarantee on the QUICKTRONIC electronic control gears and a three-year guarantee on the LUMILUX fluorescent lamps.

Fluorescent Longlife Systems (Level 3b XXT)

If OSRAM ECGs and LUMILUX XXT fluorescent lamps are used together (selected series or types), OSRAM offers a full 8-year guarantee on the Quicktronic electronic control gears and lamps.

Discharge Systems (Level 3c)

If ECGs and HCI/HQI high-pressure discharge lamps (selected series or models) from OSRAM are used together, OSRAM offers a full five-year guarantee on POWERTRONIC electronic control gears and a full one-year guarantee on the HCI/HQI high-pressure discharge lamps.

Halogen Energy Saving Systems (Level 3d)

If ECGs and low-voltage IRC halogen lamps (selected series or models) from OSRAM are used together, OSRAM offers a full five-year guarantee on HALOTRONIC electronic control gears and a full one-year guarantee on the low-voltage IRC halogen lamps.

For details of which ECGs and lamps are covered by each level of guarantee, view more details on the website at www.osram.com/system-guarantee. A minimum number of ECGs and lamps are required for the guarantee to be approved. This varies with the level of guarantee. Registering systems on the web site is a quick and easy process where you fill in the required details and submit it to us. You will receive an email back confirming if the guarantee has been accepted or not. **Registration must be made within 30 days of initial operation of the lighting system.**
